J.F. GABRIE
EDITOR

Did I say Michael Gallagher and Dave Manak are both taking one issue off? I meant *three*. Both gentlemen have been so besieged by other projects, that the strips have taken longer to develop than originally thought. So with issue #92, we should have the master-mind comic strip creator team of Gallagher and Manak back in our midst. Thanks, guys.

On another note, I've begun to receive some of your letters about what you think issue 100 is going to be about. And believe me, some of these guesses range from funny to just strange, man! One or two of the ones I received come close, but they are off in certain key instances. Don't be left out of the fun. Write in to the address below and add the sentence, "I KNOW WHAT HAPPENS IN #100!" right on the envelope. So keep them coming!

Catch you on the flip...

Next issue: They say that birds of a feather flock stay together, but Sonic and Mina aren't birds, and neither of them have feathers. So what exactly do they have in common? Besides a bloodthirsty army of Robotnik's ultra-improved Com-Bots out to get them, more than you (or they) would think! But don't take our word for it, see for yourself next month when it all happens right in the pages of SONIC THE HEDGEHOG #91, as chronicled by Karl Bollers, framed by FRY, and ably embellished by Andrew Pepoy!

Note: Due to the overwhelming amount of e-mail and snail mail, it is impossible for us to reply personally to each and every message. However, your opinions are important to us and each message will be read. Also, due to space limitations, some correspondence may be edited.

Thanks for understanding!

And now, without further adieu, we proudly present the latest, exciting installment of Sonic-Grams:

Dear Sonic-Grams,

I just finished reading the "SONIC ADVENTURE" adaptation, and it was great! I really liked the way Super Sonic looked because of his buckles and longer quills plus Chaos really looked cool, too. The SONIC comic is awesome! Now, it's time for some questions:

1) Is Amy Rose going to remain a teenager? 2) Will Ultra-Sonic, Polar-Sonic, or Solar Sonic be in any more issues? 3) Will the new Doctor Robotnik have a new sidekick like the old one had Snively?

Kyle Churchill, (age 10)
Lexington, MA

1) Sure seems like she will, Kyle! 2) Only if Sonic manages to somehow absorb the power of an entire Super Emerald. 3) The new Robotnik will indeed have a sidekick--like Snively.

Dear Sonic-Grams,

I really love your comics! I have been collecting since issue #74. Now, on to my questions: 1) How many SONIC issues are there? 2) Is Hyper-Knuckles a villain? 3) Will Big the Cat and E-102 Gamma become Freedom Fighters? That's all the questions for now. Keep up the good work!

Austin Parsley (age 9)
Pickerington, OH

1) You are holding the ninetieth issue of SONIC THE HEDGEHOG, Austin! Sonic has also been featured in fifteen SUPER SPECIALS, as well as in several mini-series and one-shots. 2) Hyper-Knuckles is not a villain. 3) No time soon...

Dear Archie Comics,

Since you cancelled KNUCKLES, make sure he's in every issue of SONIC. Anyway, I HATE the new footnote reference! The numbers are too small, and do you know how irritating it is to have to flip to the end of the book to see it? You might accidentally see the ending, too! It was so much easier to just see it in the panel. Finally,

I once subscribed to SONIC, but no one gave me any warning when my subscription was over.

Michael Stone
Madison, WI

KNUCKLES is now the regular back-up feature in SONIC! Just because you demanded it, Michael, we've axed the footnote reference.

Hi people,

This is your number one Brazilian fan writing again! I just got issue #85, and I loved it! In Sonic's own words, "Less talk, more juice!" I'll bet Robo-bobo scraps the Silver Sonic idea permanently after this one. I was glad to see Rotor again, too. And I agree with Heather Moseng; I think Mina would make a good Freedom Fighter. I do have a couple of questions: 1) First, what are those two knobs on Robotnik's head? 2) What happened to Snively and the rest of the Gulag prisoners after issues #70 and #76? 3) I'm missing issues #36-#46-- is there any way I could get those issues without ordering them individually from the back-issues offer?

Nathan 'Gonzo' Mitchell
BRAZIL

We hope old Robotnik scraps the Silver Sonic idea too, Nathan-- for his own sake! Glad you like the issue, and now to answer your questions: 1) Those two "knobs" aren't knobs-- believe it or not, they're actually protective goggles Robotnik wears while at work in the laboratory. 2) They've all been hiding since Robotnik's return. However, expect two of them to appear next issue. 3) You could try asking your nearest comic book retailer about those missing issues, but you can also order several issues from our office at once.

Dear Sonic-Grams,

I like the way you've made your comics so great for children. I liked the "Sonic Adventure" adaptation. I think you did a great job on all eighty-six issues, and you should bring back the KNUCKLES comic!

Jacob Lyons, (age 10)
Goshen, MA

Thanks for the kind words, Jake!

Dear Archie Comics,

I just finished readin' issue #86, and I thought it was the BOMB (just like I think every issue of SONIC THE HEDGEHOG is)!!! I didn't expect to see Metal Sonic!!! Well, I'm sure Sonic will kick his butt...again! I think the "Off-Panel" strips are cool!!! I have always liked the funny one best! Oh, wait-- they're all funny!!! Well, to make a long story short, I think they are great! So there is my opinion! On with the questions: 1) Is Silver Sonic 2 now the permanent guardian of Station Square? 2) How old are Antoine and Bunnie? 3) How old is Fiona Fox? On to something else: I hope you guys make a mini-series for tails and have him chill out with Fiona or something. Well, gotta juice!

Hilda Hernandez, (age 13)
Lodi, CA

1) Silver Sonic 2 is now Station Square's protector, Hilda! 2) Antoine is nineteen and Bunnie is seventeen 3) Fiona is thirteen.

Dear Sonic-Grams,

I really like the cover on issue #86. It's the best one I've seen in a long time. I bet Spaz put a lot of work into it. Anyway, I have some questions: 1) Will we ever see Ixis Naugus, again? 2) Will Turbo Tails or Hyper Knuckles return? 3) Did Eddy the snow beast survive way back in issue #66? Well, gotta juice!

Stuart Copeland
CANADA

1) Only if he breaks free of the Zone of Silence where he remains imprisoned, Stu! 2) Only time will tell! 3) No, Eddy made the ultimate sacrifice...

Well, it's that time again...y'know, when we run out of space to print letters? Don't worry, though, we'll be back next month! So keep on writing and...

KEEP ON JUICIN'!
